

# EXTENDING DEADLINE FOR CONSTRUCTION OF HYDROELECTRIC PROJECT NUMBERED 12715

Mr. WHITFIELD. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4416) to extend the deadline for commencement of construction of a hydroelectric project.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4416

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

## SECTION 1. EXTENSION.

(a) IN GENERAL.—Notwithstanding the time period specified in section 13 of the Federal Power Act (16 U.S.C. 806) that would otherwise apply to the Federal Energy Regulatory Commission project numbered 12715, the Commission may, at the request of the licensee for the project, and after reasonable notice, in accordance with the good faith, due diligence, and public interest requirements of that section and the Commission's procedures under that section, extend the time period during which the licensee is required to commence the construction of the project for up to 3 consecutive 2-year periods from the date of the expiration of the extension originally issued by the Commission. Any obligation of the licensee for the payment of annual charges under section 10(e) of the Federal Power Act (16 U.S.C. 803(e)) shall commence upon conclusion of the time period to commence construction of the project, as extended by the Commission under this subsection.

(b) REINSTATEMENT OF EXPIRED LICENSE.—If the period required for commencement of construction of the project described in subsection (a) has expired prior to the date of the enactment of this Act, the Commission shall reinstate the license effective as of the date of its expiration and the first extension authorized under subsection (a) shall take effect on the date of such expiration.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Kentucky (Mr. WHITFIELD) and the gentleman from Massachusetts (Mr. KENNEDY) each will control 20 minutes.

The Chair recognizes the gentleman from Kentucky.

GENERAL LEAVE

Mr. WHITFIELD. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and insert extraneous materials in the RECORD on the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Kentucky?

There was no objection.

Mr. WHITFIELD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I want to give a special thanks to the gentleman from West Virginia (Mr. MCKINLEY) for his work on this legislation.

Like the other three before, this relates to a hydropower project, this one located at the Jennings Randolph Dam in West Virginia. Like the other cases, after granting a license to commence construction of this project, FERC issued an order terminating the project license as a result of continued delays by the project applicant and other agencies.

This legislation simply requires FERC to reinstate the license and extend the start time for construction of the Jennings Randolph Dam in West Virginia for 6 years.

I urge the passage of this legislation.

I reserve the balance of my time.

Mr. KENNEDY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this legislation was reported unanimously by the Committee on Energy and Commerce. I know of no objections to the bill. I commend my colleague, the gentleman from West Virginia (Mr. MCKINLEY), for bringing it to the floor.

I yield back the balance of my time.

Mr. WHITFIELD. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Kentucky (Mr. WHITFIELD) that the House suspend the rules and pass the bill, H.R. 4416.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. WHITFIELD. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

# EXTENDING DEADLINE FOR CONSTRUCTION OF HYDROELECTRIC PROJECT NUMBERED 13287

Mr. WHITFIELD. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4434) to extend the deadline for commencement of construction of a hydroelectric project.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4434

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

## SECTION 1. EXTENSION.

(a) IN GENERAL.—Notwithstanding the time period specified in section 13 of the Federal Power Act (16 U.S.C. 806) that would otherwise apply to the Federal Energy Regulatory Commission project numbered 13287, the Commission may, at the request of the licensee for the project, and after reasonable notice, in accordance with the good faith, due diligence, and public interest requirements of that section and the Commission's procedures under that section, extend the time period during which the licensee is required to commence the construction of the project for up to 4 consecutive 2-year periods from the date of the expiration of the time period required for commencement of construction prescribed in the license.

(b) REINSTATEMENT OF EXPIRED LICENSE.—If the period required for commencement of construction of the project described in subsection (a) has expired prior to the date of the enactment of this Act, the Commission may reinstate the license effective as of the date of its expiration and the first extension authorized under subsection (a) shall take effect on the date of such expiration.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from

Kentucky (Mr. WHITFIELD) and the gentleman from Massachusetts (Mr. KENNEDY) each will control 20 minutes.

The Chair recognizes the gentleman from Kentucky.

GENERAL LEAVE

Mr. WHITFIELD. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and insert extraneous materials in the RECORD on the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Kentucky?

There was no objection.

Mr. WHITFIELD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, once again, this is legislation extending, for 8 years in this case, construction of a hydropower project at the Collinsville Dam in New York.

I want to thank the gentleman from New York (Mr. GIBSON) for his work on this bill.

Once again, the FERC had issued a license to commence construction of this project. They then issued an order terminating the project because it did not meet certain time deadlines because of delays by the project applicant and other agencies.

This legislation simply requires FERC to reinstate the license and extend the start time for a period of 8 years. I urge the passage of this legislation.

I reserve the balance of my time.

Mr. KENNEDY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this bill was reported unanimously by the Committee on Energy and Commerce. It has the support of a number of Democrats on the Committee on Energy and Commerce from New York who have been working with Mr. GIBSON on the legislation, including Mr. ENGEL, Mr. TONKO, and Ms. CLARKE. It was reported out, as I said, without dissent.

I urge passage of the bill.

I commend Mr. GIBSON for bringing it to the floor.

Mr. Speaker, I yield back the balance of my time.

Mr. WHITFIELD. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Kentucky (Mr. WHITFIELD) that the House suspend the rules and pass the bill, H.R. 4434.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. WHITFIELD. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.
